

USATestprep Promise: We help every student master state standards.

Who We Are

USATestprep, LLC, a leading nationwide provider of state standards-aligned curriculum resources and assessments, has evolved into a comprehensive teaching platform for grades 3-12.

We serve more than 4,000 schools, 85,000 teachers, and two million students.

What Makes Us Different

100% STANDARDS ALIGNED: Our platform delivers teacher-written, standards-aligned content with daily tools for the creation of diagnostic, formative, and summative assessments, progress monitoring, and customized remediation.

THREE LEARNING MODES: The flexibility of our three learning modes puts control in the hands of teachers as they decide when and how to use USATestprep to partner with their individual style of teaching. Classroom Mode / Assessment Mode / Personalized Learning Mode

LOW COST PROVIDER: A single site license of \$425/course gives unlimited access to all students and teachers at your school. No administrative fees or assessment charges. Bundle discounts available.

More Reasons to Love USATestprep

- Pre-Built or Build-Your-Own assessments available for diagnostic, formative, and summative assessments
- Students can move through the material at their own pace and benefit from differentiated instruction.
- Standards-aligned videos, games, projector questions, vocabulary worksheets/flashcards, interactive puzzles, bell-ringer questions, item of the day, and more
- Teachers, administrators, and students are all able to review progress KPIs and see growth on each standard.

Here's what our nationwide educators report about their use of USATestprep:

Increased Student Engagement - **96%**

Increased Academic Confidence - **94%**

Improved Achievement & Standards Mastery - **97%**
